

THE GREAT REASSESSMENT - HIRING WORKFORCE PERSPECTIVES FROM AUSTRALIA AND GERMANY

MONDAY 24TH OF OCTOBER 2022

Registration from 18:00 CEST for 18:30 CEST Start

ingeniam Executive Search & Human Capital Consulting
Grüneburgweg 12, 60322 Frankfurt am Main

In celebration of ingeniam's 20th anniversary and the German Australian Business Council's 25th Anniversary, we are pleased to host a joint event addressing the Great Re-Assessment, with different perspectives from Australia and Germany.

The Great Re-Assessment: An analogy to describe the latest phenomena to surface. Global citizens from all corners of the world are reassessing their lives, both personally, professionally, geographically and making sweeping and profound changes that are unexpected and at times confronting, yet entirely meaningful.

The effect is rolling out as we speak and many employers are only now comprehending their true impact. So how do we as nations, corporations and communities and individuals assess and respond? Our Panelists **Stephan Breitfeld** and **Allan Laurie** will talk to the economic and social restructuring occurring in major cities and regional locations; tie the benefits of contemporary workforce capability deployments, proactive and consistent succession planning and talent pipelining and delivery of cultural competencies within workforces that create cohesion and productivity - and assist us all to reflect on the value creator that a 'cradle to grave' development philosophy can deliver within organisational ecosystems.
