German Australian
Business Council

DecHEMA and the German Australian Business Council invite professionals in the hydrogen industry to assist in identifying solutions to current challenges at the following event:

The Challenges of Green Hydrogen Production and Consumption – A Grassroots Roundtable

Thursday 20 February 2025

DECHEMA e.V.

Theodor-Heuss-Allee 25, Frankfurt am Main

Time: **5:00 - 9:00 pm**

Join us for an insightful grassroots session to help identify solutions to the challenges of low carbon hydrogen production and consumption. While both the German and Australian governments, along with others globally, have been promoting progress in this field, recent developments have shown signs of slowing. Participate in kickstarting German-Australian developments to regain momentum.

We invite professionals to share their knowledge at an informal roundtable, held under Chatham House Rules. This is a unique opportunity to engage in open dialogue without business affiliations and contribute to overcoming delays.

Keynote Speaker: Dr. Florian Ausfelder, Manager of the Department of Energy and Climate, DECHEMA.

Breakout Discussions: Participants will be grouped by their professional background to tackle practical stumbling blocks and explore solutions. Topics may include generation, technology, finance, and labour mobility. The aim is to capture diverse ideas that will be compiled into a report for the German and Australian governments.

Important: This event is geared toward non-government H2 professionals. When you RSVP, please indicate your industry and professional affiliation with H2, so we can place you in the appropriate discussion group. If you are not currently involved in the industry but are interested in participating, please contact us to discuss potential accommodations.

We look forward to your contributions to this vital conversation!

The number of participants is limited to 20. Places will be allocated by order of registration.

REGISTRATION DEADLINE: 17th January 2025. Registration is free of charge and includes a light dinner.
