

14th World Chambers Congress

What is the World Chambers Congress?

The World Chambers Congress (WCC) is the only global forum for chamber leaders and their business members to discuss issues impacting businesses, increase capabilities, grow networks, and discover areas of innovation.

This year's WCC will bring together businesses, chambers and government and highlight the value of a joint approach to promoting business activity and economic growth.

Why attend?

Up to 2,000 international delegates are expected to attend the WCC and benefit from a program which will include keynotes, expert panel discussions and interactive workshops.

When and where

**Melbourne,
Australia**

**2 to 4 September
2025**

**Melbourne
Convention &
Exhibition Centre
(MCEC)**

**Registrations are open to all business, chamber and government representatives.
Attendees will have the opportunity to:**

Increase capabilities in skills critical to addressing global challenges such as skills shortages, energy transition, artificial intelligence, equality, geopolitical relations, cyber security and housing crises.

Forge connections with global business figures, government leaders, international trade and investment connections and business chamber representatives from over 100 countries.

Undertake B2B meetings.

Participate in visits to world-class precincts, organisations, investment-ready sites and regional Victoria.

Learn first-hand about the opportunities to invest, expand and innovate in Victoria.
